

Vegetables grow better and faster in a Morrifield Dynamic Growing Tunnel.
Southland owned and operated, Morrifield Developments have been producing strong wind resistant tunnel houses for more than 20 years. A tunnel house will cost less than half the price of glass. The durable Agphane 101 film has been proven to last longer than eight years.

FEATURES:

- **Foundation:** H4 Tanalised Pinus Rails and Pegs (no extra foundation required).
- **Framing:** Anodised aluminium. (Maintenance-free; longer cover life).
- **STRONG CONSTRUCTION THAT RESISTS ALL WEATHER CONDITIONS.**
- **A CONTINUOUS SKIN OF TOUGH, DURABLE AGPHANE 101 THAT IS SAFER THAN GLASS.**

- **Cover:** Agphane 101 200mu polythene film (33 month UV warranty).
- Easily assembled kitset form.
- Higher Profile gives greater head room.
- Easily operated back window. (Optional)
- Replacement covers and extra vents available on request.
- **LARGE TOP VENTS.**
- **BETTER FRESH AIR CIRCULATION.**
- **FRESH VEGETABLES OR FLOWERS ALL YEAR ROUND.**

A Morrifield dynamic growing tunnel will let you enjoy a relaxing hobby and rewarding pastime.
